SUSTAINABILITY

MH TEXTILE IS ON THE WAY

We always implement the concept of environmental protection and sustainability in our corporate planning, and create a green future with a sense of company responsibility.

WE CARE ABOUT
THE ENVIRONMENT

01

Started to use 100% biomass material fuel to replace the coal since Nov,29,2024

02

Installed solar panels(15,000m² area) on the roof of our workshop in the Mar. of 2024
Electricity generating capacity 6,000 KWH per day, can cover 10% of our own daily electricity consumption

40%

Recycle water treatment
project in 2025, ratio upto
40% less discharge

Advanced wasted water
treatment with 2000 ton
capacity per day

2000

WE CARE ABOUT THE ENVIRONMENT

THANK YOU
